

tionists the arsenal and the important Han-Yang iron works. The revolutionists had no trouble in Han-Yang, overwhelmingly outnumbering the local troops. General Chang Piao escaped by flight and the members of the local government were dispersed.

The popularity of the revolutionary movement all along the river and in the interior is indicated by apparently authentic reports that several nearby cities have fallen. Where resistance was offered to the rebel forces the towns were burned.

A dispatch from Cheng-Tu says that the insurgents in Sze-Chuen Province hold all the country west of the Min River between Kiu-Ting, which is eighty-five miles south of Cheng-Tu, to Kwanhsien, fifteen miles north and thirty-five miles west of Cheng-Tu. Five hundred troops have joined the rebels.

The American gunboat Helena and the Japanese cruiser Tachibana were expected at Hankow to-day. Several British warships have been ordered to proceed thither. The women and children living on the waterfront slept aboard the night merchant steamers in the harbor last night. The foreigners of Hankow, Wu-Chang and Han-Yang have been assembled and are entering the foreign concessions this evening. They report that they received every attention and consideration from the revolutionists. There are forty-nine foreign missionaries stationed at Wu-Chang, fifty-four at Hankow and sixteen at Han-Yang.

Tokio, Oct. 12.—Official reports reaching the Japanese Embassy at Hankow are making the gravest apprehensions. Commander Kawashima, who has been appointed commander of the foreign garrison at Hankow, reports that there is every evidence of an organized revolution. The Japanese in Wu-Chang, however, have been treated kindly and have received food.

Dispatches from Peking say the government is in a panic. Troops cannot reach Hankow within a week. Chang-Sha and other towns on the Yangtze-Kiang are reported to have been captured by the rebels. Japanese naval officers here say that additional warships will be hurried to Hankow and will be ordered along the coast as well, because of the uncertainty as to the extent of the revolution.

Peking, Oct. 12.—A Peking dispatch says that the rebels have captured Yochow, about eighty miles to the southwest of Wu-Chang.

The Imperial Board of Moderators in this city yesterday received the following cable message from Hsin Shih Lo, of Hsin Shih, China, who has charge of the Imperialist missionary work in that part of the Empire:

"Moderators are safe and well. Everything is quiet. Can remain here."

Washington, Oct. 12.—At the Chinese Legation here it was said that while the Imperial government regards the revolution in China as very serious there has been no determination in advance from Peking that the uprising is a concerted movement to supplant the empire by a republic. It was said that messages received at the Legation have contained little information that carried in press dispatches.

The Legation has been informed that the Chinese have designated the ministers of the legations of war and navy to make a personal investigation of the situation and report to the government.

Italians, 22,000 Strong, Plan Advance on Turks

Cholera Breaks Out in Tripoli Among the Invaders and Four Deaths Are Reported.

ARABS FAVOR OCCUPATION

News from the Interior Conflicting. Rumors Being That Munir Pacha Means to Resist, Other Reports to Surrender.

FOURTEENTH DAY OF THE WAR.

An advance against the Turks in Tripoli is planned by General Canova. Nineteen transports landed fifteen thousand Italian troops.

Cholera broke out in Tripoli; four deaths were reported.

The Turkish Cabinet was reported to be in danger of dissolution.

Tripoli, Oct. 12.—General Canova, commander in chief of the Italian expedition, has decided to act quickly, and it is believed that the troops under him will march immediately against the positions occupied by the Turks. A reconnaissance of the desert to-day disclosed the central body of the Turkish troops, with field guns, not far from the city.

Nineteen more Italian transports, escorted by warships and carrying the second division of the troops, arrived this morning. This division is 15,000 strong, so there are 22,000 Italian soldiers on the coast of Tripoli. Not only is the Italian position safeguarded against surprise, but an effective occupation of the interior can begin.

It is reported that the Arabs have accepted the Italian occupation joyfully, but some of the warships remain in the harbor in readiness for emergencies. Troops were landed to-day also at Brighjeh, Derna, Tobruk and Bomba. Smaller garrisons will be formed at Marsa Gusa, Tokra, Medina, Lebda and Hissa.

Cholera Has Broken Out.

Although the utmost precautions have been taken toward the perfecting of sanitary arrangements, cholera has broken out. It is reported that four deaths have occurred.

General Canova has addressed a proclamation to the inhabitants, assuring them that they have not been enslaved by Italy. On the contrary, they have been liberated from the yoke under which they have been laboring for years, the general says. They will be ruled by their own chiefs, under the patronage of the King of Italy. The religious and civil laws will be respected, and taxes will be reduced or abolished.

The proclamation ends by announcing that Italy desires that Tripoli shall remain the land of Islam under the protection of Italy.

An Arab chief went aboard the Italian armored cruiser Pisa, off Tobruk, yesterday and gave his submission to the commander. He also arranged to use his influence with other Arab leaders that they recognize the Italian overlordship.

Former Premier Sonnino, leader of the constitutional opposition in the Chamber of Deputies, and Count Giolitti, who was Minister of Foreign Affairs in the Sonnino Cabinet, witnessed the landing of the troops.

They acted as secretly as Premier Giolitti did in dispatching the troops, and their arrival was entirely unexpected. They express the intention to follow the troops, so that they may personally become acquainted with the problems which Italy must solve and what can be obtained from the new colony.

Studying Economic Problems.

Both Signor Sonnino and Count Giolitti are experts in agriculture, and strive during their political careers to bring about improvements in the moral, commercial and economic conditions in Italy. Undoubtedly their chief object is to ascertain how the possession of Tripoli can help in the regeneration of the south.

Both the ex-Cabinet ministers seem rejuvenated in the atmosphere of patriotism surrounding them. Signor Sonnino said that he forgot his white hairs and felt as though the enthusiasm of other times had returned. He was rather nonplussed when on requesting to be directed to a hotel he was informed that nothing existed in the city deserving of the name.

The officers were quick to proffer their guests the best they had, which proved to be either a tent or a shattered hut, a corner in the fort. Even Admiral Borea d'Olimo, the Governor, has not been able to obtain habitable quarters. Finally, the director of the Banca di Roma, which possesses one of the finest buildings in Tripoli, transformed the office of the director and an ante-chamber into bedrooms for the statesmen.

Army Heartily Greeted.

When the transports were sighted the forts saluted and the colors of Italy were run up over the fortifications and principal buildings of the town. Great crowds of Europeans and natives, sailors and soldiers, gathered along the shore. Entering the harbor, cheers from the transports could be heard replying to the noisy welcome from the land. There was a great waving of rifles, hats and handkerchiefs.

Governor Borea d'Olimo, Commandant Cagni, Mayor Hassan Karamanli and several Arab chiefs went to the pier and personally welcomed the officers and men as they came ashore. The landing was conducted expeditiously.

The Bersagliere sentries are busy constructing wooden huts for the troops, the barracks being inadequate.

LAWYER ALTERED PAPER

Tampered with Document in Suit Against 'Nellie Bly's' Co.

[By Telegram to The Tribune.]

Utica, N. Y., Oct. 12.—A trial at Herkimer closely contested before Justice Charles H. Brown and a jury in the Supreme Court, extending from October 2, ended to-day when Edwin H. Riley, of Utica, was found guilty of a violation of Section 80 of the penal law. Mr. Riley is almost seventy years of age and for forty-eight years has practiced law, being well known in the courts of this state. Although protesting against some of the expert testimony offered in his trial, and maintaining his innocence, he was sentenced to pay a fine of \$1,000 and is disbanded from practice.

The section under which he was convicted relates to the offering in evidence of fraudulently altered or forged evidence, the specific charge being that he had offered in the action of Lewis H. Bennett against the Ironclad Manufacturing Company an affidavit of Edward H. Gilman, general manager of the company, taken from the office of the county clerk, in which had been inserted the words "the same." Much of the testimony was of a technical nature given by typewriter experts to prove the typographical characteristics of different machines, and show how their writing can be imitated.

The Ironclad Manufacturing Company, at No. 204 Varot street, Williamsburg, of which Mrs. Elizabeth C. Seaman ("Nellie Bly"), the globe girder, is president, is now in involuntary bankruptcy. Mrs. Seaman has applied to the court many times since creditors began suit in May of this year to have the receiver removed. The receiver wished to get hold of her other plant, the American Steel Barrel Company, but was unsuccessful. Before the Ironclad plant was put in bankruptcy Mrs. Seaman had Charles W. Seaman, a former cashier, and Stanley Gleinig, an assistant cashier, arrested on the charge of forgery. She asserted that through frequent false entries in the books she had been able to obtain about \$1,500,000. The audit company which examined the books said \$500,000 of this was deliberately stolen the remainder, for the most part put back in the business. Mrs. Seaman asked the State Banking Department to find out why banks cashed so many checks she had not authorized.

WALSH STAYS IN PRISON

No Parole from Pardon Board, and Hope of Freedom Dim.

Leavenworth, Kan., Oct. 12.—Hope for John R. Walsh being paroled from the federal prison here is dimmer to-night than it has ever been. The list of paroles granted at the last session of the federal Parole Board has arrived, and Walsh's name is not on it. It is understood, too, that some of the men who are to be released were heard after Walsh.

Attorney General Wickersham, in whose hands Walsh's case now rests, may visit the prison within a week. Many believe the delay in passing on the banker's case is occasioned by Mr. Wickersham's desire to make a personal investigation.

About a dozen prisoners have been ordered paroled. Two of them are former Indiana bank employees—E. H. Nicholas, of the City National Bank of Auburn, Ind., and J. H. Phillips, of the Terre Haute National Bank. They probably will not leave prison before Saturday.

Washington, Oct. 12.—The Department of Justice is reticent in regard to the parole case of John R. Walsh. Attorney General Wickersham declared to-day that no significance could be attached to the fact that Walsh was not included in the list of prisoners already ordered paroled, but gave no hint as to what would be the fate of the former Chicago banker's application for release.

NOMINATION FOR ASSEMBLY.

The adjourned Republican Assembly Convention held last night, resulted as follows: 7th Assembly District, John R. Melner, Jr., nominated by Independence League; endorsed by Republicans.

ARGENTINA AND BOLIVIA AGREE.

Buenos Ayres, Oct. 12.—A Presidential decree has been issued ratifying the protocol which settled the frontier dispute between Argentina and Bolivia.

SEVEN MILLIONS "GRAFT"

Philadelphia Said to Have Lost That Sum Under Present Mayor.

[By Telegram to The Tribune.]

Philadelphia, Oct. 12.—In a staggering array of figures, representing \$7,000,000, Logan M. Bullitt, chairman of the Taxpayers' Committee, to-day issued a statement of the losses which he declares the city has sustained during the present administration. These losses, asserted Mr. Bullitt, have been shown as a result of the Catlin commission's probe and of the various court proceedings which have been instituted by the Bullitt committee.

The list as compiled by Mr. Bullitt sets forth that up to date it has been shown that the city has lost in municipal contracts and land damages the sum of \$3,785,490. He charged that in alleged illegal supplemental contracts the city has spent or contemplates spending the sum of \$3,853,000. According to the Bullitt committee's chairman, therefore, the city has spent illegally the grand total of \$7,638,490. Divided among the population, these figures would indicate that each man, woman and child in the city has a share in them to the extent of nearly \$5. But that is not all. Mr. Bullitt considers this mass of figures to be "only a drop in the bucket."

ARREST DEAN'S SECRETARY

Young Woman of Ithaca Accused of Grand Larceny.

[By Telegram to The Tribune.]

Ithaca, N. Y., Oct. 12.—The arrest of Miss Lorena C. Gibbs, twenty years old, private secretary to Dean C. A. Martin, head of the College of Architecture of Cornell University, was made to-day at the home of her mother, the charge being grand larceny.

During the last summer the young woman spent a portion of her vacation in Perry and Hornell, N. Y., where, it is alleged, she figured in some bad check transactions amounting in the aggregate to more than sufficient to constitute the charge of grand larceny. The checks were drawn on the First National Bank of Ithaca, and were signed "Alice M. King."

The young woman has been a resident of Ithaca all her life, and the arrest came as a great surprise to her friends and her associates in the university.

TO MAKE NEW LAW CLEAR

Mr. Barnes Writes Letter on Court Decision on Levy Measure.

William Barnes, Jr., chairman of the Republican State Committee, made public yesterday a letter he had sent to John R. Voorhis, State Superintendent of Elections, in which he asked Mr. Voorhis to notify his deputies throughout the state of the decision of the Court of Appeals regarding the Levy law. The letter in part follows:

I am informed that the Deputy Superintendent of Elections in Ontario County says no advice has been received by him from the State Superintendent of Elections regarding the Court of Appeals decision regarding the Levy law, and that he will enforce the said law as enacted unless otherwise advised by your department and will insist upon personal registration in rural districts of all electors except those who voted at the last election.

Albany, Oct. 12.—Attorney General Carmody to-day telegraphed John R. Voorhis, State Superintendent of Elections, advising him to notify local boards of registration of the decision of the Court of Appeals that provision of the Levy election law which required personal registration in the rural districts of the state. The telegram was as follows:

The Court of Appeals decision makes personal appearance unnecessary for registration on the first day outside of cities and villages of five thousand inhabitants. Local boards of registration should be so notified.

MAYOR DEFENDS ITALIANS

Columbus Day Dinner Occasion for Sling at His Critics.

CAUSES BRISBANE TO SMILE

Says Discoverer, Too, Suffered from Libels, Though There Were Few Editions.

Mayor Gaynor was the chief speaker at the first public Columbus Day banquet last night at the Hotel Astor. The Mayor devoted the greater portion of his speech to a defense of the Italian immigrant, and he declared that he was opposed to any general restriction of immigration, incidentally taking a shot at his own critics by saying that Columbus, like all great geniuses, was in his time libeled and vilified.

"Columbus was bitterly attacked in his day," said the Mayor, "just as to-day of genius are libeled and attacked. He was attacked bitterly, even though he was not a newspaper, to get out a new edition every five minutes."

Whereupon Arthur Brisbane, who was seated two places from the Mayor, replied in opening his address the Mayor referred to his opposition to financing the Columbus Day celebration from the city treasury, saying:

It was not so much a misfortune that the city treasury did not help you, Mayor, as that you should have been so libeled. You are a great city of five millions and its citizens are to pay for a pageant and a celebration in honor of the discoverer of this continent. Then this celebration might be left undone.

If you turn out otherwise, we must say if you want you can get \$250,000. You did not come down to the Board of Estimate to ask for a cent, either, even though I suppose not to be there, as might be possible in the order of things in this world.

The Italians are good citizens. They come from a great race. Some people say we ought to shut them out, but how do these very critics get into the country? Here were not public men and statesmen to say for a pageant and a celebration in honor of the discoverer of this continent. Then this celebration might be left undone.
